EXPERIENCE

Team Lead Software Engineer   July 2022 - Current

Software Engineer   February 2020 - June
Indicina | Lagos, Nigeria (REMOTE)   2022

- Defined and continuously improved software development best practices.
- Identified system and software issues, evaluated troubleshooting options, and developed solutions.
- Architected several changes, bug fixes, and improvements to the existing software services.
- Worked in teams and reviewed team members' PRs.
- Created innovative, highly scalable products using the latest technologies and approaches.
- Worked autonomously to effectively handle small and large-scale projects.
- Recommended a solution that better parse AWS textract response to meaningful data with an accuracy of up to 95% to the data science team.
- Provided Mentorship for junior engineers.
- Awarded Outstanding Performer and Engineer of the Quarter award for 2022 Q2

Software Engineer   October 2017 - January 2020
OT&T Consulting Limited | Lagos, Nigeria

- Interacted directly with the client to gather requirements, prepare designs, and develop multiple software solutions for the company's clients.
- Optimized SQL queries to improve performance from minutes down to milliseconds.

- Achieved development milestones and scheduled targets.
- Detected problems provided by client's feedback and implemented solutions.
- Tracked changes and merged codes from different features to manage updated versions.
- Analyzed technical requirements to determine optimal solutions.

Software Engineer Intern   August 2016 - September 2017
High Tech Synergy | Lagos, Nigeria
- Architected several optimizations, changes, bug fixes, and improvements to the in-house application using .Net Technologies, jQuery and HTML5.
- Provided valuable team member contributions during brainstorming and analysis sections of various process flows.
- Assisted internal teams in diagnosing and debugging production issues.
- Contributed to team sprint planning and project meetings.
- Resolved errors through close collaboration with the quality assurance team.
